

# UNIT 11 *Data Collection and Presentation*

## Revision Test 11.1 (Standard)

1. Four children's names are given below. You are going to calculate how often each letter is used in these names.

JANE JOHN ALAN LEANNE

- (a) Copy and complete the tally chart:

| <i>Letter</i> | <i>Tally</i> | <i>Frequency</i> |
|---------------|--------------|------------------|
| A             |              |                  |
| E             |              |                  |
| H             |              |                  |
| J             |              |                  |
| L             |              |                  |
| N             |              |                  |
| O             |              |                  |

(6 marks)

- (b) Copy and complete this bar chart:

(5 marks)

### Revision Test 11.1

- (c) Copy and complete this pictogram:

|   |   |   |   |   |
|---|---|---|---|---|
| A | A | A | A | A |
| E |   |   |   |   |
| H |   |   |   |   |
| J |   |   |   |   |
| L |   |   |   |   |
| N | N | N | N | N |
| O |   |   |   |   |

(5 marks)

- (d) On this pie chart, which section should be used for which letter?

(5 marks)

- (e) Which two letters are the most common in these names?

(2 marks)

**Revision Test 11.1**

2. Use this data base to answer the questions below:

| <i>Name</i> | <i>Age in Years</i> | <i>Colour of Eyes</i> | <i>Height</i> | <i>Number of Children</i> |
|-------------|---------------------|-----------------------|---------------|---------------------------|
| Fred        | 52                  | Blue                  | 186 cm        | 5                         |
| Graham      | 42                  | Green                 | 174 cm        | 3                         |
| Mary        | 38                  | Blue                  | 168 cm        | 0                         |
| James       | 42                  | Blue                  | 178 cm        | 2                         |
| Wendy       | 32                  | Brown                 | 169 cm        | 3                         |
| Jenny       | 28                  | Brown                 | 172 cm        | 2                         |

- (a) Which two columns contain *qualitative* data? (2 marks)
- (b) Who is the *tallest* person with 3 children? (1 mark)
- (c) Who is the *oldest* person? (1 mark)
- (d) Who is the *youngest* person with *blue* eyes? (1 mark)
- (e) Who is the *oldest* person with 2 children? (1 mark)
- (f) Who is the *tallest* person with *brown* eyes? (1 mark)

## UNIT 11 *Data Collection and Presentation*

## Revision Test 11.2 (Academic)

1. The children in a class were each asked to choose their favourite colour. Their choices are listed below:

|        |        |        |        |      |        |
|--------|--------|--------|--------|------|--------|
| Red    | Green  | Blue   | Green  | Red  | Black  |
| Yellow | Yellow | Green  | Red    | Blue | Yellow |
| Green  | Red    | Red    | Blue   | Blue | Purple |
| Blue   | Black  | Red    | Purple | Blue | Red    |
| Red    | Red    | Yellow | Yellow | Red  | Purple |

- (a) Copy and complete this tally chart:

| <i>Colour</i> | <i>Tally</i> | <i>Frequency</i> |
|---------------|--------------|------------------|
| Red           |              |                  |
| Yellow        |              |                  |

(5 marks)

- (b) Draw a bar chart for these data.

(5 marks)

- (c) Calculate the angle for each colour in a pie chart.

(5 marks)

- (d) Draw a pie chart for these data.

(4 marks)

- (e) State which colour is the *most* popular and which is the *least* popular.

(2 marks)

**Revision Test 11.2**

2. Use this data base to answer the questions below:

| <i>Name</i> | <i>Age in Years</i> | <i>Colour of Eyes</i> | <i>Height</i> | <i>Number of Children</i> |
|-------------|---------------------|-----------------------|---------------|---------------------------|
| Fred        | 52                  | Blue                  | 186 cm        | 5                         |
| Graham      | 42                  | Green                 | 174 cm        | 3                         |
| Mary        | 38                  | Blue                  | 168 cm        | 0                         |
| James       | 42                  | Blue                  | 178 cm        | 2                         |
| Wendy       | 32                  | Brown                 | 169 cm        | 3                         |
| Jenny       | 28                  | Brown                 | 172 cm        | 2                         |

- (a) Which column contains *discrete quantitative* data? (1 mark)
- (b) Which two columns contain *continuous quantitative* data? (2 marks)
- (c) Who has *blue* eyes and 2 children? (1 mark)
- (d) How old is the *tallest* person who has *blue* eyes? (1 mark)
- (e) What colour are the eyes of the *tallest* person with 3 children? (1 mark)
- (f) Who has the *same* colour eyes as Mary and has *fewer* children than Graham? (1 mark)
- (g) Which 2 people are *shorter* than James, but have *more* children than he has? (2 marks)

## UNIT 11 *Data Collection and Presentation*

## Revision Test 11.3 (Express)

1. (a) Draw a bar chart to show how often each of the letters in these words is used:

### MATHEMATICS ENHANCEMENT PROJECT

(7 marks)

- (b) Which letter occurs *most often*?

Which letter occurs only *once*?

(3 marks)

2. A survey into favourite foods gave the results in this table:

| <i>Food</i> | <i>Frequency</i> |
|-------------|------------------|
| Chips       | 18               |
| Salad       | 1                |
| Burgers     | 24               |
| Hot Dogs    | 7                |

- (a) Calculate the angles that would be needed in a pie chart for each type of food.

(5 marks)

- (b) Draw a pie chart for these data.

(4 marks)

3. Use this data base to answer the questions below:

| <i>Name</i> | <i>Age in Years</i> | <i>Colour of Eyes</i> | <i>Height</i> | <i>Number of Children</i> |
|-------------|---------------------|-----------------------|---------------|---------------------------|
| Fred        | 52                  | Blue                  | 186 cm        | 5                         |
| Graham      | 42                  | Green                 | 174 cm        | 3                         |
| Mary        | 38                  | Blue                  | 168 cm        | 0                         |
| James       | 42                  | Blue                  | 178 cm        | 2                         |
| Wendy       | 32                  | Brown                 | 169 cm        | 3                         |
| Jenny       | 28                  | Brown                 | 172 cm        | 2                         |

- (a) State which type of data is in each column.

(5 marks)

- (b) Who has the *same* colour eyes as Mary and has *fewer* children than Graham?

(1 mark)

- (c) Which 2 people are *shorter* than James, but have *more* children than he has?

(2 marks)

- (d) Draw a pictogram to illustrate the number of children each person has.

(3 marks)

Revision Test 11.1 (Standard)

Answers

1. (a)

| Letter | Tally | Frequency |
|--------|-------|-----------|
| A      |       | 4         |
| E      |       | 3         |
| H      |       | 1         |
| J      |       | 2         |
| L      |       | 2         |
| N      |       | 5         |
| O      |       | 1         |

Correct tally chart  
(using ||||| for N: B2)

B3

Correct frequencies  
(-1 for each mistake)

B3

All correct  
(-1 for each mistake)

B5

(c)
